

SHARE AND CARE

PLEASE let me know of anyone who is under the weather, traveling or anything that might be happening with the Club members.

The Club gave Barbara Lanphere, her gift for all the work she has done for the past two years. It was a darling and beautiful necklace with a little "Tea Pot" charm.

We had two visitors, who are friends of Carole Cornwell, at our January meeting. It was nice to meet them and enjoy their company for the meeting.

Travelers

Cheri Rose is off on a jaunt to Seattle.

Ladies Under the Weather

Dori Campbell - flu

Marilyn Buckingham – eye surgery

LETTER FROM THE EDITOR:

LADIES...I want to you know that if you would like to have something put into The "Newsletter", PLEASE give me the information at the next Club meeting.

February is going to be a terrible month for me..so if you don't receive the Newsletter early in the month please understand and I will be getting mailed to you as soon as possible.

EDITOR'S NOTES

As you have read the speaker for the January meeting was Steve Cornwell. He works for the Department of Corrections, Department of Violent Crime, Crime Team, and a U.S. Marshall. As you can see he is involved. When he came to the meeting he had just came in from making an arrest and spoke of the bad guy and what will happen to him as the day goes on.

Steve brought with him his protective gear, a display of handmade items made by the inmates in the jail that they use for protection or killing someone, plus items for drug use. This was a very interesting part of his talk. Can you imagine a knife made from the handle of a tooth brush?

Everyone of the Ladies asked questions about the things that he had talked about, which has made all of us more aware of what is happening in the Community at large.
